The Mattabassett District (District)
Sodium Hydroxide Chemical Procurement
Invitation to Bid (“ITB”)
GENERAL STIPULATIONS
Bid Contract 2018 - 13

Qualified bidders are required to submit proposals on the blank Bid Form attached hereto, and any conditions or alterations of the form shall be considered as irregular and grounds for rejection of bidder’s proposal. Bidders may submit proposal to supply the chemical sodium hydroxide to the District. Prices bid shall include all costs of freight, transportation, insurance and all other costs incidental to the loading and delivery into the District’s tanks. The price bid shall also include all labor, equipment, tools, and accessories to be furnished by the bidder. The delivered price shall include any fuel surcharge for the delivery. Prices bid shall be exclusive of all taxes not applicable to municipalities. The District is exempt from the payment of federal excise taxes and Connecticut sales and use taxes. Mattabassett District: Federal Tax Exempt #06-0842158. Exemption from State sales tax per *Conn. Gen. Stat.* Chapter 219, § 12-412(1). Photocopies of tax exemption certifications shall be furnished to the bidder upon request. All payment terms shall be net 30 days from inspection and approval of delivery.

Bids must be signed with the name of the person(s), firm, or company proposing to furnish the chemical materials. The Bidder shall complete and sign the proposal completely and accurately. If the proposal is made by an individual, the individual’s name and address must be shown. If the proposal is made by a firm or partnership, the name and address of each member of the firm or partnership must be included. If the proposal is made by a corporation, the proposal must include the name of the State under the laws of which the corporation was chartered and the name and title of the officer(s) having authority under the by-laws to sign contracts.

Each bidder’s costs incurred in developing and submitting its proposal are and remain the bidder’s sole responsibility, and The District shall have no liability for such costs.

The District reserves the right to award this chemical Sodium Hydroxide contract to a qualified, responsible Vendor bidder who has demonstrated experience with the type of chemical product required by this Invitation to Bid and who: 1) has adequate resources and the ability to obtain such the anticipated quantity of acceptable chemical- Sodium Hydroxide as required during performance of the Agreement. 2) has demonstrated a satisfactory record of timely and qualified performance; and 3) is otherwise qualified, responsible and eligible to receive an award under applicable federal and state laws and regulations. The District reserves the right to reject any and all bids, or any part thereof or waive defects in the bid, or accept any proposal deemed to be in the best interest of the District.

Proposals must be accompanied with a surety bid bond or certified check made payable to The Mattabassett District for five (5%) percent of the net bid on each item. Failure to furnish a bid bond/certified check shall be reason for rejection of the bid. If the proposal is not accepted, the bid bond or certified check will be returned to the bidder. If the proposal is accepted, the certified check or bid bond will be held until the contract is signed and a performance bond in the amount of one hundred (100%) of the bid is received. The successful bidder shall sign the contract within fourteen (14) days after notice has been given. Failure to comply with this

provision shall be grounds for forfeiture of the bid bond or certified check as liquidated damages to The District.

The quantities listed on the proposal sheet are approximate and are to be used only as a basis for comparison of bids: no guarantee is given, express or implied, as to actual quantities to be ordered. The successful bidder shall furnish and deliver the material as and when ordered by the District for the unit price bid regardless whether the quantity actually purchased is more or less than the quantity listed on the proposal. A Certificate of Analysis must accompany each shipment of Sodium Hydroxide.

Bidders must acquaint themselves with the unloading facilities available at The District so there will be no misunderstanding in the event difficulties arise in unloading of material purchased. The Bidder shall provide whatever fittings, hoses, or adapters necessary or appropriate so as properly and safely to transfer the product from truck to the District's storage tank(s). Deliveries shall be made at such time and in such quantities as ordered in accordance with the instructions listed on the purchase order. Each delivery shall be accompanied by a delivery ticket. The ticket shall show the total number of gallons/pounds delivered. All such delivery tickets shall be completed to the District's satisfaction.

Days referred to in the specifications are calendar days.

Bidders shall provide three copies of current Material Safety Data Sheets ("MSDS") and one chemical analysis sheet (Certificate of Analysis) to document that the parameters specified for each chemical will be met.

The successful bidder shall purchase and maintain such insurance as will protect it from claims under workers' compensation laws, from claims under automobile liability laws, from claims insured by personal injury liability coverage, and from claims for injury to or destruction of tangible property. This insurance shall name The Mattabassett District as an additional insured party and include the following limits. The Contractor shall agree to maintain in force at all times during which services are to be performed the following coverages placed with companies licensed by the State of Connecticut which have at least an "A-" VIII policy holders rating according to Best Publication's latest edition Key Rating Guide.
